PROFILE

Business Analyst with 3+ years of experience turning raw data into decisions that move revenue

My background spans hospitality revenue management and business analysis. I design and maintain Power BI data models with DAX, clean and validate large datasets with Python, and deliver reporting that executives actually act on. I am a fast learner who thrives on building dashboards and insights that get attention.

RECOGNITION

2025 — Best Business Analyst of the Year. Awarded during her tenure as Junior Business Analyst at Ozeol — a promotion from junior to top performer in under two years.

EXPERIENCE

Confirmed Business Analyst

Ozeol · Business Analysis

2026 - Present

Owens the end-to-end reporting and analysis workflows, from the first business question to the executive report that answers it.

- Own end-to-end reporting and analysis workflows.
- Translate business questions into structured, decision-ready insights.
- Design and maintain advanced Power BI data models using DAX.
- Build a single source of truth for key business metrics.
- Use Python to clean, structure and validate large datasets.
- Improve data reliability and reduce manual reporting time.

Junior Business Analyst

Ozeol · Business Analysis

2023 - 2026

Moved from junior to top performer: awarded Best Business Analyst of the Year 2025 while building and maintaining the reporting layer.

- Built and maintained Power BI reports and dashboards.
- Applied data modelling and DAX to shape reliable metrics.
- Surfaced actionable business insights from operational data.
- Cleaned and prepared data using Python.
- Improved accuracy and turnaround time across reporting.
- 2025 – Best Business Analyst of the Year

Revenue Manager

Riadh Palms Resort and Spa · Hospitality Revenue

2022 - 2023

Where the commercial instinct came from: pricing, inventory and channel decisions driven by booking data rather than gut feel.

- Analyzed sales and booking data.
- Optimized pricing strategies.
- Worked on revenue maximization across segments.
- Managed OTA and Channel Manager platforms.
- Ensured rate parity and availability accuracy.
- Created Power BI performance reports.
- Conducted competitive benchmarking and demand forecasting.
- Supported pricing and inventory decisions.

E-Commerce Management Intern

Riadh Palms Resort and Spa · Hospitality Revenue

2022

Supported hotel e-commerce management activities. The internship led directly to a full-time Revenue Manager role.

- Supported hotel e-commerce management activities.
- Experience directly led to a full-time Revenue Manager opportunity.
